## Electrical face treatments

Level 3

**Luxury Facial using Eve Taylor product** £23  
Deep cleansing, hydrating galvanic facial to encourage lymph drainage and stimulate collagen and elastin production. Helps to maintain skin firmness and minimize the appearance of fine lines and wrinkles.

---

Non -surgical facials  
Caci - Cosmetic treatment that uses microcurrent impulses to lift and tone facial muscles, improve skin elasticity and reduce the appearance of fine lines and wrinkles. £26

---

Goddess - After cleansing, hypoallergenic pads are placed on the main muscles of the cheeks, jawline and neck. Using low electrical currents to help firm and tone the skin. £25

---

**Microdermabrasion facial** £25  
A progressive and not an aggressive treatment. It is a gentle exfoliation which is deep and works right into the skin surface to remove dead skin cells whilst re-surfacing the skin. Correction work can be done on areas of concern it helps to draw out any impurities reduce fine lines and wrinkles remove black heads whiteheads and helps with pigmentation and sun damaged skin. The final phase of this treatment will gently lift the muscles in the face.

---

**Microdermabrasion facial** £30  
Plus 15 minute light therapy.

---

**Please note** The above electrical facials are not suitable for anyone with more than 2 fillings/metal or gold in the facial area. We are not able to carry out electrical facials in any areas of the face that have had Botox or fillers within the previous 3 months.

A course of six treatments is recommended for maximum effect.

## face treatments

Level 3

### Light Therapy (15 minutes)

£15

LED light delivers specific wavelengths of light directly onto the skin. This non-invasive method stimulates skin cells at the molecular level without causing thermal damage or pain. (course of treatments are required for best results)

**Anti- bacterial LED (blue light)** - focuses on destroying bacteria, responsible for skin inflammation and breakouts, helps regulate the production of sebum and reducing excess oil.

**LED anti-aging- (red light)** - stimulates the production of collagen and elastin, maintaining firmness and reducing fine lines and wrinkles. Helps to reverse skin damage caused by ageing.

### Mesotherapy

£35

**Electro-mesotherapy** is a major innovation in professional cosmetology. Combined with a hot/cold effect, this technique drastically increases the cutaneous penetration of the active ingredients contained in serums, giving **instant** and **lasting** visible results. The skin is visibly fuller, brighter and smoother, and wrinkles are virtually eliminated (course of treatments are required for best results).
